

# Accelerated Students

---

## 15.9. Accelerated Students

Students in accelerated degree programs must be registered for graduate credit to be eligible for an assistantship. Accelerated students may receive a tuition waiver when enrolled in an applicable graduate credit(s) and meet graduate assistantship and tuition waiver eligibility requirements. All Graduate Assistantship and Fellowship Policies apply to accelerated program graduate assistants in their capacity as a graduate student. The Graduate Assistantship Tuition Waiver will only apply to eligible graduate credit, as outlined in the Graduate Assistantship and Fellowship Policies.
