

Inter and Intra-departmental Employment

15.10. Inter and Intra-departmental Employment

Students with a graduate assistantship provided outside of their academic department or academic college will still be supported by the college in general pending the review process of the college. Tuition waivers for assistantships outside the academic department or college of the student will be considered using the same parameters as internal assistantships if sanctioned. College-level eligibility requirements for assistantships outside the academic college of the student must be consistent in requirements and application within the college.
