

Business Administration

Business Administration Major

The Business Administration major is designed to provide students with a broad background in all of the aspects of business. Business Administration might be an appropriate major for students who will work in smaller organizations or own their businesses which will require a broader understanding of business. Also, some organizations may seek generalists rather than specialists because they may be more adaptable in rapidly changing business environments. This major might also be appropriate for students intending to go on to graduate studies that would benefit from a broad understanding of business, e.g., law school.

Business Administration Minor

Majors outside the College of Business often select a minor in Business Administration. A minor in Business Administration requires a minimum of 24 credits. At least 12 credits in 300-400 level BUSN, FIN, MGMT, and MRKT courses must be completed at NDSU in the College of Business. Prior departmental approval is required for any 300-400 level course not completed at NDSU but used to satisfy the minor requirements.

Students must earn a 2.50 grade point average that is based on the courses used for the Business Administration minor. A minor approval form is required and can be found at <http://www.ndsu.edu/business/>. This minor is not available to students with majors in the College of Business.
