Elementary Education & HDFS Child Development Option Dual Degree Program

HDFS & Elementary Education (Child Development Option) Dual Degree Program

The Human Development and Family Science (Child Development option)/Elementary Education program is a collaborative effort between NDSU and Valley City State University (http://www.vcsu.edu) (VCSU). Through this curriculum, offered on the NDSU campus, students are concurrently enrolled in both universities, culminating in a bachelor's degree from NDSU in Human Development and Family Science (Child Development option) as well as a bachelor's degree from VCSU in Elementary Education. Students are certified to teach Elementary Education in public schools and may, with additional course work and an additional student teaching experience, be certified to teach kindergarten as well. The HDFS degree complements and strengthens the Elementary Education curriculum and helps future teachers understand development and its diversity, making them more effective teachers and helping them work with children from a wide variety of backgrounds.

Major Requirements

Dual Degree Program

Major at NDSU: Human Development &

Family Science

Major at VCSU: Elementary Education

Degree Type at: B.A. or B.S.

Required Degree Credits to Graduate: 130

General Education Requirements

First	Year	Experience	(F	١.
TII St	ı caı	EXPENSIVE	UE.	ı.

HD&E 189

in 24 or more credits do not need to take HD&E 189.)	·
