Interior Design

Interior Design Major

A professional interior designer is one who is qualified by education, examination, and experience to identify, research and creatively solve problems relative to the function and quality of people's interior environments. The course of study in interior design leads to a first professional degree.

Students pursue courses in which creative and technical skills are applied within a structure to achieve the built interior environment. Design solutions are functional, enhance the quality of life of occupants, and are aesthetically attractive while adhering to code and regulatory information. Design solutions produced protect and enhance the health, safety and welfare of the public. Students learn how to approach design problems through a methodology that includes data gathering, product specification, identification of details, contractual documents and design business procedures.

The first two years of the program introduce the fundamentals of design, visual and technical communication techniques (including drafting, CADD, perspective drawing, model building and rendering) and theoretical and practical applications (including anthropometrics, ergonomics, interior design technology and color theory). The interior design profession is exceedingly complex, and collaborating with design professionals and related disciplines in a team approach to problem solving is routine practice.

Upper-division course work is focused on a series of integrated studio experiences and support courses including history, interior materials, professional practice, building information modeling and interior systems. The studio experience culminates in a senior project. Studio experiences require that each student be exposed to a variety of projects at several different levels of complexity and different client project goals.

North Dakota State University interior design students are required to complete a field experience between the junior and senior year. Students accept a variety of positions throughout the United States. In the past few years students have completed field experiences in cities such as Los Angeles, Minneapolis, Denver, New York, and Shanghai, China.

Enrollment in sophomore level interior design courses requires a 3.0 institutional cumulative grade-point average. Admission into the third-year studio is based upon demonstrated professional interest, a portfolio review completed during the spring semester of the student's sophomore year, a 3.0 institutional cumulative grade-point average, and a minimum grade of 'C' in all major core requirements. Students must maintain the 3.0 minimum cumulative GPA and earn a grade of 'C' or better in all major core requirements throughout the remainder of the program. All students successfully completing sophomore review are required to purchase a laptop computer for upper division studio courses.

Transfer students entering the interior design program should contact the program coordinator to review previously completed interior design or related course work.

The interior design program at NDSU is accredited by the Council for Interior Design Accreditation and the National Association of Schools of Art and Design.

Major Requirements

Major: Interior Design

Degree Type: B.A. or B.S.

Required Degree Credits to Graduate: 122

General Education Requirements

First Year Experience (F):

Humanities & Fine Arts (A):

HD&E 189	Skills for Academic Success (Students transferring in 24 or more credits do not need to take HD&E 189.)	1	
Communication (C):			
ENGL 110	College Composition I	3	
ENGL 120	College Composition II	3	
One Course in Upper Level Writing. Select from current general education list.			
COMM 110	Fundamentals of Public Speaking	3	
Quantitative Reasoning (R): Select from current general education list			
Science & Technology (S):			
CSCI 114	Microcomputer Packages	3-4	
or CSCI 116	Business Use of Computers		
A one-credit lab must be taken as a co-requisite with a general education science/technology course unless the course includes an embedded lab experience equivalent to a one-credit course. Select from current general education list.			

ADHM 315 History of Interiors I

ADHM 316	History of Interiors II	3
	iences (B): Select from current general education list	6
	om current general education list	2
` ,	Select from current general education list	_
): Select from current general education list

Spanish; German; Comn	ors is required: Business; Hospitality and Tourism Management; Apparel, Retail Merchandising and Design; French; nunication; History; Gerontology; Emergency Management; Natural Resource Management; other minor options may be	
approved by interior desi		
Elective for Degree Cor	mpletion - one credit may be needed to bring degree total to 122 credits.	1

Degree Requirements and Notes

• Course taken Pass/Fail will not be used to satisfy any requirements other than total credits.

The following plan suggest semester schedules that allow the student to complete his/her major/option degree program in a four year span. The arrangement of courses is based on which semesters the course is offered, the classification and the prerequisites and co-requisites required for successful completion. This Plan of Study should be used alongside the official curriculum guide and with assistance from your assigned advisor. Remember, this is only a guide and circumstances may change the plan.
