Global business is offered as a second major program of study only. Students may pursue Global Business after declaring and being admitted into one of the College of Business' primary professional programs of Accounting, Business Administration, Finance, Management, Management Information Systems, or Marketing (see admission requirements (<http://bulletin.ndsu.edu/past-bulletin-archive/2018-19/colleges/business>) for *all* College of Business majors).

This second major combines global business courses with language training and an in-depth study abroad experience to qualify students for management positions in the diverse, multicultural, and global environment they will encounter in the future. It is not enough to simply learn about global business: students must be well-positioned for careers of trust and leadership in the global economy.
