## Dean's List

To be eligible for inclusion on the Dean's List for any given semester, a student must have earned a minimum grade-point average of 3.50 during that term while completing at least 12 semester hours (nine semester hours during the summer) in graded coursework. Graded coursework includes the developmental course MATH 098. MATH 098 does not satisfy graduation requirements and does not calculate into the cumulative grade-point average on the academic record, but it is factored into the overall attempted credits and honor points for Dean's List consideration.

The Dean's List is only maintained for undergraduate students and Pharm.D. students. Credits taken simultaneously via transfer, accelerated graduate coursework, and collaborative or consortium registration are not included in the NDSU Dean's List calculation and do not count toward the NDSU minimum credit requirement. These courses are considered transfer credit (see transfer credit). No exceptions can be considered for Dean's List consideration.

NOTE: The Office of Registration and Record notifies University News of Dean's List honorees.
