

Psychological Clinical Science

Department Information

- **Department Chair:**
Mark Nawrot, Ph.D.
- **Department Location:**
232 B2 Minard Hall
- **Department Phone:**
(701) 231-7065
- **Department Web Site:**
www.ndsu.edu/psychology/graduate_programs/psychological_clinical_science/ (http://www.ndsu.edu/psychology/graduate_programs/psychological_clinical_science/)
- **Application Deadline:**
We are currently not accepting applications into this program.
- **Credential Offered:**
Ph.D.
- **Test Requirement:**
GRE
- **English Proficiency Requirements:**
TOEFL iBT 100; IELTS 7

Students are required to gain a breadth of knowledge in the foundations of psychology through courses in biological, cognitive, and social bases of behavior. Course work in research methods and statistics, assessment, psychopathology, health, and interventions comprise the clinical portion of the curriculum.

Practicums at local hospitals, clinics, and mental health agencies provide supervised experience in service delivery and applied research. This is a full-time program and will take five years, including internship, to complete.

Code	Title	Credits
Evaluation and Intervention		13
Four courses cover content related to the history of clinical psychology, ethics, psychopathology, and current empirically supported approaches to assessment and treatment.		
PSYC 755	Empirically Supported Interventions I	
PSYC 756	Empirically Supported Interventions II	
PSYC 770	Testing and Assessment	
Choose one course on current theories and research on psychopathology with a focus either on adulthood or childhood.		
PSYC 672	Advanced Psychopathology	
PSYC 673	Child Psychopathology and Therapy	
PSYC 758	Diversity in Clinical Psychology	
PSYC 795	Field Experience (Clinical Training)	
PSYC 794	Practicum/Internship	
Fundamentals of Psychology and Breadth		9
One course from each of three core categories to include an option for the biological basis of behavior, the cognitive basis of behavior, and the social basis of behavior. These courses are for breadth. Students may choose the particular courses and may take additional elective courses to supplement their knowledge and research skills in Health, Social, Cognition, or Vision.		
Biological Basis of Behavior		
PSYC 660	Sensation & Perception	
PSYC 665	Psychobiology	
PSYC 686	Neuropsychology	
PSYC 718	Visual Neuroscience	
Cognitive Basis of Behavior		
PSYC 661	Memory and Knowledge	
PSYC 664	Attention & Thinking	
PSYC 720	Advanced Topics in Cognitive Neuroscience	
Social Basis of Behavior		

PSYC 653	Organizational Psychology
PSYC 670	Experimental Social Psychology
PSYC 771	Social/Health Psychology Research
PSYC 787	Advanced Social Psychology and Health
Research Training	
PSYC 793	Individual Study/Tutorial
PSYC 798 or PSYC 899	Master's Thesis Doctoral Dissertation
Three courses on research methods	
PSYC 640	Experimental Methods
PSYC 761	Applied Research Methods
PSYC 762	Advanced Research Methods and Analysis
PSYC 790	Graduate Seminar (8 total credits)
Teaching Requirement	
One course and seminar in college teaching.	
COMM 702	Introduction to College Teaching in the Humanities and Social Sciences
PSYC 791	Temporary/Trial Topics
PSYC 794	Practicum/Internship
