

Software Development

Department Information

- **Department Web Site:**
www.ndsu.edu/cs/ (<http://www.ndsu.edu/cs/>)
- **Credential Offered:**
UG Certificate
- **Official Program Curriculum:**
catalog.ndsu.edu/undergraduate/program-curriculum/software-development/ (<http://catalog.ndsu.edu/undergraduate/program-curriculum/software-development/>)

The Software Development certificate is intended for students who wish to build their development expertise. This certificate can be useful for students in other majors who are interested in a software development career. It is also suitable for students who previously completed a degree in a different major and wish to apply to our graduate programs but do not yet have software development experience. Programming knowledge equivalent to the Computer Science Foundations certificate is expected.
