

# Registration

---

## Summer Registration

The 12-week summer session is designed to provide instruction within various time intervals throughout the summer. Classes are offered in several sessions throughout the summer. While the time interval of the individual sessions is different than that of the standard semester (16 weeks), each course carries full credit because classes meet the same number of contact hours as in the standard fall or spring semesters. In addition, deadlines for summer session courses are adjusted proportionately. Students are responsible for making changes to their registration according to published summer Dates and Deadlines calendar. (<https://www.ndsu.edu/onestop/dates-and-deadlines/>)

Each college or department determines its summer offerings. The summer session course offerings schedule is available in Campus Connection. For more information about summer schedule visit the Summer Schedule website (<https://www.ndsu.edu/summer/>).

## Fees and Housing

Summer tuition and fees are available online (<https://www.ndsu.edu/onestop/accounts/tuition/>). Information concerning summer housing may be secured by contacting the Department of Residence Life (<https://www.ndsu.edu/reslife/>), Dept. 5310, P.O. Box 6050, Fargo, ND 58108, or 701-231-7557 (toll-free 1-800-572-8840).

## Graduate Work

A considerable number of graduate courses are offered, but generally the summer serves as an important term for students to work on their research requirements, especially if field work is involved. Work on disquisitions and individual study arrangements frequently are facilitated during summers. Courses scheduled to begin at different times and for varying periods provide a high level of flexibility. Thus, those who may have only a portion of a given summer available are likely to find courses that meet their scheduling limitations. In addition, workshops, internships, and other special programs are offered. Teachers generally find the summer school designed to offer attractive selections as components of a degree program, as well as courses directed toward improvement of professional skills. Persons interested in graduate programs of study are encouraged to contact the Graduate School (<https://www.ndsu.edu/gradschool/>) for further information.
