

# Agriculture General (AGRI)

---

**AGRI 115. Wonders of Weather. 3 Credits.**

This class reveals the mystery of the wonders of every-day weather. Through hands-on experimentation, observations, and discussion of day-to-day weather, students curious about weather and its impacts will come to understand the natural forces structuring the Earth's atmosphere and its weather patterns that directly impact lives of all sharing the Mother Earth.

**AGRI 120. Feeding and Fueling the World. 3 Credits.**

A comprehensive introduction to the field of agriculture, offering a foundational understanding of the principles, practices, and challenges inherent in modern agricultural systems. Exploration of the multifaceted aspects of agriculture, ranging from traditional farming techniques to cutting-edge technologies that drive sustainable and efficient food, fuel, and fiber production.

**AGRI 150. Agriculture Orientation. 1 Credit.**

Introduction to opportunities and professional advancement in agricultural careers. Overview of majors offered in the College of Agriculture, Food Systems, & Natural Resources, activities, and support services.

**AGRI 189. Skills for Academic Success. 1 Credit.**

This course is designed to ease the transition for new students at NDSU. Students will learn skills and techniques used by successful college students. In addition to introducing the students to campus resources and governance, topics will include study techniques, time management, test taking, note taking, goal setting, wellness, stress management, and career orientation.
