Sample Program Guide

IMPORTANT DISCLAIMER: This guide is not an official curriculum. This guide is a sample four-year degree plan of how students might plan this major with other degree requirements to complete their education in four years. Student plans will vary from this sample due to a variety of factors, such as, but not limited to, start year, education goals, transfer credit, and course availability. To ensure proper degree completion, enrolled students should utilize Degree Map (https://www.ndsu.edu/registrar/degreemap/) and Schedule Planner (https://www.ndsu.edu/onestop/degree-map-and-planning/) in Campus Connection and consult regularly with academic advisors to ensure graduation requirements are being met.

2 Psychology

| Free Elective | 6 | |
|---------------|----|----|
| | 15 | 13 |

Total Credits: 120

1

15 total credits in 400-level courses required. Choose at least two courses (6 credits) from Group A and two courses (6 credits) from Group B. Three credits may include PSYC 493 (Undergraduate Research) or PSYC 496 (Field Experience) courses taken for a grade.

2

Students who do not take MATH 104 will need to take 3 Quantitative Reasoning General Education Credits (R) as a Free Elective.

Degree Notes:

• Students earning a Bachelor of Science degree must select one of the three tracks (Natural Science, Social Science or Minor Program of Study) in consultation with an adviser (14 credit minimum).
