Cereal Science

Department Information

- **Department Chair:**
  Richard Horsley, Ph.D.

- **Program Coordinator:**
  Frank Manthey, Ph.D.

- **Department Location:**
  Plant Sciences, Loftsgard Hall

- **Department Phone:**
  (701) 231-7971

- **Department Web Site:**
  www.ndsu.edu/agriculture/academics/academic-units/plant-sciences/graduate-programs (http://www.ndsu.edu/agriculture/academics/academic-units/plant-sciences/graduate-programs/)

- **Application Deadline:**
  International applications are due May 1 for fall and October 1 for spring. Domestic applicants should apply at least one month prior to the start of classes.

- **Credential Offered:**
  Ph.D., M.S.

- **English Proficiency Requirements:**
  TOEFL iBT 71, IELTS 6; Duolingo 105

The Cereal Science graduate program is open to all qualified graduates of universities and colleges of recognized standing. To be admitted with full standing status to the program, the applicant must meet the Graduate School requirements and have adequate preparation in biochemistry/chemistry and the biological sciences, including microbiology.

Financial Assistance

Applicants must apply to the Graduate School and be accepted in full or conditional status before being eligible for an assistantship in the Cereal Science graduate program. All graduate students must qualify and be awarded a Graduate Research Assistantship. Alternative support, equivalent to a Graduate Research Assistantship, may be provided to a student by a sponsor such as a private company, university or government. The number of Graduate Research Assistantships varies from year to year, depending on industrial support and grant funding. In addition to a stipend, graduate assistants receive a tuition waiver. Tuition waivers cover base tuition for NDSU graduate credits only. Students are responsible for differential tuition, student fees, and tuition for non-graduate level credits taken or Cooperative Education credits.

Selection of the major adviser will be made based on the student’s interest, source of funding, the availability of faculty members and a common desire of the student and professor to work together on a program that will enable the student to attain the desired degree. If a Graduate Research Assistantship is assigned to a specific research project, the project leader will be the student’s major adviser.
