The Community Development minor is an applied, multidisciplinary minor. The purpose of the minor is to prepare students to integrate community development concepts into their own occupations; to recognize the relationships of social, economic, and development change on community viability and sustainability; and to take a more active role in the affairs of their own communities. The minor consists of 18 credits. Requirements include EMGT 410 Comprehensive Emergency Management Planning and SOC 405 Community Development and a minimum of three credits in each of the following areas: economics, business, and social science.
